

February 2014

Dear Sisters and Mission Partners,

Continuing on the overall theme of “Evolutionary Zeal”, the Spirituality Committee and Spirituality Centre are now posting notes on the website from the third session given by Sr. Gail Worcelo entitled:

THE DIVINE DYNAMISM: BEING AND BECOMING

This reflection reminds us of the importance of living a deep interior life. All our activity needs to come from a depth level. Our zeal and our prayer are intertwined. We are evolving all the time and helping to bring the world forward in love.

We invite you to use this reflection individually, in community, with family friends and colleagues in whatever way seems best for you.

With every blessing,

Sr. Noreen O’Shea

On behalf of the Spirituality Centre and Spirituality Committee
